

Test Case 12

System: Bench

Description: Black box testing to check the turning off of notifications.

Severity: 3

Instructions

Test 1

1. Start the Bench application.
2. Click the button "Login" on the navigation bar.
3. Enter the email "team23project@gmail.com" into the text field labeled "Email address".
4. Enter the password "12345678" into the field labeled "Password".
5. Click the button "Login" below the field.
6. After the screen has loaded, click on the button "My Profile" on the navigation bar.
7. Click on the dropdown menu on the notification panel.

Expected Result: There should be two options on the dropdown menu. The button "Enable" allows the user to turn on notifications, and the button "Disable" allows the user to turn off notifications.
